

Privacy Policy

1. General Information

This Privacy Policy explains what data the **Next15** app collects and how it is used.

2. Data We Collect

The app may collect:

- app usage events (screens, taps, timers);
- anonymized technical data (iOS version, device type);
- advertising identifier (IDFA) — **only with user permission.**

We do **not** collect:

- name, email, phone number;
- personally identifiable information;
- medical data.

3. How Data Is Used

Data is used to:

- analyze app performance;
- improve user experience;
- display ads (with user consent).

4. Analytics & Advertising

The app may use third-party services such as Amplitude and Yandex Ads.

Cross-app tracking is performed **only after user consent via iOS ATT.**

5. Data Storage

Data may be stored locally on the device or in anonymized analytics systems.

6. User Rights

Users may:

- disable tracking in iOS settings;
- limit analytics (if available);
- delete the app and its local data.
